FOLD

cdlabelgen 4.1.0 © 2001–2008 Avinash Chopde <avinash@aczoom.com>

home page: <http://www.aczoom.com/tools/cdinsert/>

Instructions:

1. Cut out the cover insert, on page 1, around the outer perimeter. Do not cut along the center.
2. Fold the cover insert in half, with the text on the outside.
3. Insert the cover insert in the CD case cover.
4. Cut out the tray insert, on page 2, around the outer perimeter.
5. The right-most long narrow title "tab", on the tray insert, is for CD case with a transparent tray. Remove this "tab" if the CD case has an opaque tray.
6. Fold the left and right long narrow title "tabs" to a 90 degree angle, away from the main tray cover portion. If the right-most "tab" is retained for a transparent tray, fold that "tab" 90 degrees again, away from the title "tab" next to it. The text should appear around the exterior of the folded cover, not the interior.
7. Remove the tray from the case.
8. Place the tray insert in the case.
9. Insert the tray, being careful that the title tabs are flat against the case.
10. Please appropriately discard this portion and the scrap bits of paper.

Thinking As A Science

Henry Hazlitt

Thinking As A Science

Written in a conversational style that will appeal to the younger person as well as seasoned professional, "Thinking as a Science" is timeless classic. Through eleven chapters, the last being a descriptive, annotated bibliography, Henry Hazlitt systematically takes the step-by-step on the process of introducing logic and context into the thinking process. The rather long chapter on "Reading and Thinking" clarifies several notions on where one needs to understand where mere knowledge acquisition ends and using reading the stimulate thinking begins.

For an individual who was largely self taught, Hazlitt's contribution to the process of thinking is a must-read. (Summary by Chiquito Crasto)
